

## ***Got fines?***

In honor of National Nutrition Month we will once again be collecting food for fines!

For the entire month of March 2017 you can bring your donations of canned foods (low sodium vegetables preferred), peanut butter, brown rice, whole wheat pasta, healthy all-fruit jams and jellies, low sodium hearty soups, shelf stable milk, and other non-perishables directly to the Library and have your fines waived. Your donations will then be delivered to The Family Pantry where they will benefit local community members.

**Thank you for your generosity!**
